connected resulting in a trend of instant gratification.

The Impulse Society: America in the Age of Instant ...

"The Impulse Society is a book that taps into a sense that we're all adrift -- and finds that technological, economic, and social change has caused us to lose the community that had anchored us. A society that tries to give (and sell) each of us everything we want, Roberts writes, is a society nobody wants.

The Impulse Society: America in the Age of Instant ...

The Impulse Society: America in the Age of Instant Gratification. Five years after the Great Recession, we must confront an unhappy truth: a high-tech, high-speed, consumer economy engineered to provide maximum power to individuals is destroying our capacity to move forward as a society.

The American Scholar: Instant Gratification - Paul Roberts

Impulse Society tries to nail America for being me-centric and narcissistic, from people moving to cities where the politics suits theirs, to online gamers living their lives in cyberspace, and everything in between.

The Impulse Society: America in the Age of Instant ...

Paul Robert's "The Impulse Society" is one of the most interesting and intellectually satisfying non-fiction books I have engaged in the last year. Roberts begins with the premise that modern day American society is built on the need for immediate gratification from our consumer behaviors, social interactions, business practices, and political preferences.
