
Stochastic Functional Differential Equations Research

neutral stochastic functional differential equation driven ... - neutral stochastic functional differential equation driven by fractional brownian motion and poisson point processes el hassan lakhe1 and salah hajji2 abstract. in this note we consider a class of neutral stochastic functional differential equations with nite delay driven simultaneously by a fractional **existence and uniqueness of solutions of stochastic ...** - existence and uniqueness of solutions of stochastic functional differential equations max-k. von renesse and michael scheutzow november 20, 2009 abstract using a variant of the euler-murayama scheme for stochastic functional differential equations with bounded memory driven by brownian motion we show that only weak one-sided local lipschitz (or **functional-calculus approach to stochastic differential ...** - functional-calculus approach to stochastic differential equations ronald fx school ofphysics, georgia institute of technology, atlanta, georgia 30332 (received 24 june 1985) the connection between stochastic differential equations and associated fokker-planck equations is elucidated by the full functional calculus. **random periodic solutions of stochastic functional ...** - random periodic solutions of stochastic functional differential equations this item was submitted to loughborough university's institutional repository by the/an author. additional information: a doctoral thesis. submitted in partial fulfilment of the requirements for the award of doctor of philosophy of loughborough university. **stochastic functional differential equations on manifolds** - stochastic functional differential equations on manifolds r1emi l 1eandre/and salah-eldin a. mohammedz abstract. in this paper, we study stochastic functional differential equations (sfde's) whose solutions are constrained to live on a smooth compact riemannian manifold. we prove the existence and uniqueness of solutions to such sfde's. **stochastic functional differential equations** - stochastic functional differential equationsexplicit solutions and the method of stepsit^o formulas and fokker-planck equationsoscillatory behaviourstability issuesopen problems stochastic functional differential equations evelyn buckwar heriot-watt university, until 31st of august 2011, then o to jku linz! mfo oberwolfach, 26th august 2011 **lyapunov exponents of linear stochastic functional ...** - lyapunov exponents of linear stochastic functional differential equations. part ii. examples and case studies bysalah-eldinahammed1 andmichaelk.rheutzow2 southern illinois university, carbondale and technical university of berlin we give several examples and examine case studies of linear stochastic functional differential equations. **lyapunov functionals and stability of stochastic ...** - this book deals with stability of stochastic functional differential equations and continues and complements the previous book of the author, "lyapunov functionals and stability of stochastic difference equations" [278]. functional differential equations (also called hereditary systems [9], or systems **neutral impulsive stochastic differential equations driven ...** - there exists solutions for semilinear neutral stochastic functional differential equation with nonlocal conditions. jingyun v and xiaoyuan yang [14] studied nonlocal frac-tional stochastic differential equations driven by fractional brownian motion. sayooj aby jose and venkatesh usha [20] studied existence of solutions for random impul- **lyapunov functionals and stability of stochastic ...** - tic functional-differential equations and developed later consistently for stochastic difference equations with discrete time and continuous time, for partial differential equations [40, 125-130, 132-140, 177, 182, 194-199, 228-231, 233, 234, 236, 238- 241, 244, 245]. the method was successfully applied to stability research of some
